

Launch™

Explore You! Launch to College Success!

Knowing who you are AND the image you project is the secret most people never learn about success. Launch is a powerful program that gives you the words to effectively communicate what you already know about yourself. We'll explore what those around you identify as your strengths and how to best apply this knowledge to college essays, interviews and resumes. Launch gives you the tools to make you transition to college successful.

Get Energized, Motivated and Focused!

Course objectives:

- Create a powerful introduction statement that clearly communicates your strengths, desires and accomplishments.
- Turn your vision of success into an empowering and focused statement that gets noticed.
- Learn techniques to clearly and concisely grab the attention of your interviewer.
- Define your personal objectives and goals for college essays, interviews and resumes.
- Use data you already have about yourself to choose the best path for your future.
